ATTN: Mr. Don Harari

Dear Don,

I just wanted to take this opportunity to thank you for your services. As General Contractors we deal with many sub-contractors on a daily basis. It is a pleasure when we are able to work with a company such as yours that acts in a timely and professional manner. Your knowledge of your trade helped to make not only us, but also our client feel very confident.

Now that some time has passed I wanted to let you know that the sealing you did on all the natural stone throughout our clients home has held up beautifully. Most notably is the limestone entry floor with white grout. This area has been very heavily trafficked. Besides daily family use, they entertain regularly with up to one hundred and fifty guests. I was through their home the other day and that floor looks as good now as it did the first day it was sealed.

A General Contractor is only as good as it's Subs. You have helped to make us look good through your professionalism. For this I thank you very much and will look forward to working with you on the next project.

Very sincerely yours,

  
Ron Levy
